

## **Score Change Policy**

**Another Bridge Club** will only accept scoring changes that are provided to the Director before 30 minutes have expired after the game. In all cases, to do a score correction, both pairs must agree. Of course, if the Director has made an error, the score will be corrected provided the Director is notified within a 24 hour period after the end of the game. It is our hope that this policy will improve the accuracy of scoring and provide a procedure to correct inadvertent errors.
